Evidence Checklist - Activity 1

Babylist: Make an Intangible Service Easy to Trust

[ ] Public facts are cited and separated from training assumptions.

[ ] Every scenario question is answered with evidence or a stated limitation.

[ ] The detailed procedure was followed and each checkpoint is recorded.

[ ] Owners, decision rights, dates and review triggers are explicit where applicable.

[ ] Acceptance test met: The submission separates facts from assumptions, links at least three proof cues to customer risk and business benefit, and states a defensible advantage with validation evidence.

[ ] The final recommendation states residual risk and the next validation action.
