Evidence Checklist - Activity 3

Ritz-Carlton: Promise-to-Proof Service Blueprint

[ ] Public facts are cited and separated from training assumptions.

[ ] Every scenario question is answered with evidence or a stated limitation.

[ ] The detailed procedure was followed and each checkpoint is recorded.

[ ] Owners, decision rights, dates and review triggers are explicit where applicable.

[ ] Acceptance test met: The blueprint traces one promise through principles, observable standards, backstage enablers, tangible cues and measures, with explicit privacy and safeguarding guardrails.

[ ] The final recommendation states residual risk and the next validation action.
